

CUSTOM-MADE PRESS CONSOLE VIEWING SYSTEMS

These press consoles are provided according to the unique design requirements of each customer. Please request a CVE Specification Form to complete in order to obtain our formal price quotation.

CVEX-1 Viewing Station with Stand

Side View of CVEX-1 Viewing Station

CVEX Floor-mounted Viewing Systems

The CVEX system is custom-tailored to fit a press control console or a work/viewing table. It is available with or without sidewalls and comes complete with the LiteGuard II® system monitor. The size ranges are approximately those indicated in the chart to the right.

Specifications		
Model	Depth	Width (minimum to maximum)
CVEX-1	36"/91cm	52-70"/132-177cm
CVEX-2	36"/91cm	98-140"/248-355cm
CVEX-3	50"/122cm	52-70"/132-177cm
CVEX-4	50"/122cm	98-140"/248-355cm

MCVE Modular Color Viewing Systems

The MCVE system is a ceiling-mounted viewing environment, custom-tailored and designed to provide accurate viewing conditions on the viewing surface while blocking ambient light sources. Rear walls and sidewalls are optional and completely modular. The MCVE comes complete with the LiteGuard II system monitor.

MCVE with Ceiling Supports

MCVE with Sidewalls

The MCVE can be extended to provide controlled viewing over very long press consoles (for example, web presses). Very large model MCVE systems are available; please contact Grafitec International Inc. for specific details.

Specifications	
Model	Depth x Width
MCVE-1	30x60"/76x152cm
MCVE-2	30x120"/76x304cm

Built-in Quality Control

The LiteGuard II, a critical quality control monitor, is a backlit liquid crystal

display of lamp hours used, lamp hours remaining on the daylight source, warm-up time, and hours remaining until recommended relamping.

Graphiclite 100 Lamps

Every viewing system features Graphiclite® 100 color viewing lamps to ensure optimum viewing conditions.
