

PDV PROFESSIONAL DESKTOP VIEWERS

Portable color viewing with industry standard lighting

The PDV desktop color viewing stations are designed for accurate color appraisal of small format color prints, proofs and flat artwork in studio, office and production environments.

Compact, Portable Design

The design of these viewers allows you to place them wherever needed: next to a desktop monitor, atop a digital press, on a table or counter, or anywhere color appraisal needs to be made with industry standard lighting.

The Industry Choice

The PDV series provides the right light for accurate color viewing at the right price. Utilizing multi-voltage electronic ballasts and Graphiclite® 100 T8 lamps, PDV viewers are the industry choice for D50-controlled desktop viewing of small format color prints. (D65 lamps are also available for the PDV series.)

Features

- Three model sizes with viewing areas from 13 x 19"/33 x 49cm to 23.5 x 25.25"/60 x 64cm
- Designed to fold up for easy set-up, storage and transport
- Compliant with ISO 3664:2009 with the D50 light source or ASTM D1729:2009 with the D65 light source
- D50 (or D65) light quality at an affordable cost
- Graphiclite 100 (D50) or ColorMatcher® D6500K lamps (D65)
- Print bar included to position an image vertically for direct comparison to an image on the horizontal viewing area
- Small footprint and compact design

Three Format Sizes

Three sizes offer viewing areas from 13 x 19"/33 x 48cm to 23.5 x 25.25"/60 x 64cm. All models fold for ease of set-up, storage and transport.

Options for Enhanced Viewing

Sidewalls are available on all models to control ambient light.

Including the lower luminaire on the unit improves the evenness of light across the viewing area and is ideal for the most critical color appraisal. The dual luminaire models include sidewalls.

Soft Proofing Capability

The full-range dimming capability enables soft proofing by allowing for a luminance match to be made between a hard copy proof or print and the image on a monitor.

PDV PROFESSIONAL DESKTOP VIEWERS

Accurate, portable color viewing and proofing of printed output

Dimensions of the Viewing Areas

| Model | PDV-2e | PDV-3e | PDV-2020e |
|--------------------------------|--------------------|-------------------------|-------------------------|
| Viewing Area Height x Width | 13 x 19"/33 x 48cm | 16.5 x 25.25"/42 x 64cm | 23.5 x 25.25"/60 x 64cm |

Left to right: PDV-2020e, PDV-3e and PDV-2e

All PDV models fold for easy transport and compact storage.

Specifications

| Model | Description | Overall Dimensions H x W x D | Depth of Base | Electrical |
|------------|------------------|------------------------------------|---------------|------------|
| PDV-2e | Single Luminaire | 18 x 19.25 x 13.5"/46 x 49 x 34cm | 7.75"/20cm | 35 watts |
| PDV-2ex | Dual Luminaire | 18 x 19.25 x 13.5"/46 x 49 x 34cm | 9"/22.8cm | 50 watts |
| PDV-3e | Single Luminaire | 22 x 25.25 x 13.5"/56 x 64 x 34cm | 8.75"/22.2cm | 40 watts |
| PDV-3ex | Dual Luminaire | 22 x 25.25 x 13.5"/56 x 64 x 34cm | 9.25"/23.5cm | 56 watts |
| PDV-2020e | Single Luminaire | 29 x 25.25 x 16.25"/74 x 64 x 41cm | 10.5"/26.7cm | 56 watts |
| PDV-2020ex | Dual Luminaire | 29 x 25.25 x 16.25"/74 x 64 x 41cm | 11"/28cm | 75 watts |

PDV-2e/M Viewers with Multiple Light Sources

PDV-2e/M3 multi-source viewers enable the viewing of flat and three-dimensional objects under daylight, store light and home light in a 13 x 19 x 7.5"/33 x 48 x 19cm viewing area.

Model PDV-2e/M4 includes those same three light sources as well as UV.

For more details on these models, see our PDV-2e/M brochure.
